Licensed in Arizona & Nebraska

With our experience of only providing lighting system services the past 10 years we have been able to focus on providing new installations, adding on to existing systems, LED conversions, and maintaining/repair of existing systems.

We are a family owned business based in Phoenix, Arizona with a combined 30+ years of experience in the low voltage lighting industry. We have taken the time to make sure we are a fully licensed, bonded, and insured company. Our experiences have been very blessed to serve over two thousand clients between our Ohio and Arizona locations.

Our team works hard to make sure every detail is covered and the end result is something to be enjoyed for every property. Customers have awarded us a Better Business Bureau "A+" rating along with Angie's List "A" rating. The Angie's List "Super Service Award" (which goes to the top 5% contractors) has also graced our business. We have also recently received the Home Advisor "Top Rated" Award!

A percentage of our profits goes to help fight prostate cancer and we would also like to give special thanks to our military and provide a discount to show our appreciation.
