

## **Bronco Summer Enrichment Program**

**Monday, June 6 – Friday, July 1, 2022**

**For boys and girls incoming 5th through 8th grade**

Email: [summerschool@brophyprep.org](mailto:summerschool@brophyprep.org)

602-264-5291, ext. 6233

---

### **REGISTRATION**

**Registration begins on March 21** on the Brophy website or download the free App *Brophy Summer Bronco*.

- Select the grade level of your student in the fall 2022. Students entering 5th through 8th grades next fall from all schools are welcome.
- All books and supplies are covered in the registration cost and will be distributed in class.
- Full payment is due when registering, and courses cannot be held without payment. We do not offer installment payment plans or prorated fees. There are limited scholarships available for qualified students - see the Brophy website for more information.
- Save your user name and password to access your registration account in the future.
- Schedule Changes: If you wish to ADD classes after registration, you may do so by logging into your registration account. To DROP or TRANSFER classes after registering, please contact us.
- Refunds for Withdrawals: Through Friday, June 3, withdrawals from classes are allowed for a refund minus a \$100.00 non-refundable deposit. Starting Saturday, June 4, tuition will not be refunded for withdrawals due to budgeting commitments for summer staff and resources.
- Multi-class discounts are automatically applied during checkout.

### **SUMMER HOURS**

Athletic camps are two-hour blocks, Monday through Friday:

- Session A (June 6 - June 17) and Session B (June 21 - July 1) for two weeks each
- 8 a.m. -10 a.m.; and 10:30 a.m. -12:30 p.m.

Fitness and all academic classes schedule, Monday through Friday:

- One Session (June 6 - July 1)
- Each class meets for one hour per day for four weeks
- Period 1: 8:00-9:00 a.m.
- Period 2: 9:10-10:10 a.m.
- Period 3: 10:20-11:20 a.m.
- Period 4: 11:30 a.m.-12:30 p.m.
- Period 5: 1:00-2:00 p.m.

Students can be dropped off after 7:40 a.m. and must be picked up no later than 2:15 p.m. Please make sure you have your transportation needs covered to and from camp. Detailed instructions on drop off and pick up procedures will be sent closer to the start of camp.

\*\*\*\*\*

**Holiday on June 20!** There will be no summer enrichment camp classes or sports camps on Monday, June 20 as we observe the Juneteenth federal holiday.

\*\*\*\*\*

**FEES**

Multi-camp and multi-class discounts are automatically applied during registration checkout.

**Sports Camps** (for each child)

- \$260 for one sport, Session A; \$235 for one sport, Session B (2 weeks less one day 6/20)
- \$410 for one sport sport, Session A and Session B (four weeks)
- \$660 for two sports, Session A and Session B (both four-week camps)
- Wrestling camp is priced like a fitness and academic class (see below)
- \$165 for Lacrosse camp

**Fitness and Academic Classes** (for each child)

- \$260 for first class
- \$185 per class for second class and more

**SUMMER POLICIES**

**SUPPLIES** - For almost all classes, supplies are included. All students should bring:

- Water bottle - Brophy has refillable water stations throughout the campus. For those playing football, soccer, basketball and baseball, bring a big water bottle.
- Sunscreen for those playing outside sports.
- Backpack or drawstring sinchbag for change of clothes if needed
- Make sure your child’s name is on all of his belongings, including footwear.

**SUMMER DRESS CODE** - Students may not wear clothing that exposes a bare midriff. Shorts must be long enough in the back to provide full coverage. Any clothing with vulgarity, double-entendre, sexual, drug or alcohol references will not be tolerated. Additionally, hats are not allowed to be worn inside buildings.

**POOL DRESS CODE** - Appropriate attire for Pool Sports is a swim trunk or board shorts for boys and a one-piece maillot or tankini for girls. A bikini is not appropriate for the rapid movements of water polo, water volleyball and swim relays. Please bring a towel.

**FITNESS CLASS DRESS CODE** - Appropriate attire for fitness classes like speed and conditioning and yoga include shorts, leggings or yoga pants, t-shirt, and appropriate footwear like closed-toe sneakers. Flip flops, sandals, and crocs will not be permitted in fitness classes.

**FOOD OPTIONS** - Brophy’s cafeteria, The Corral, will be open from 7:30 a.m. until 2 p.m. for students to buy drinks, snacks, breakfast and lunch. Students should bring cash for purchases as credit cards are not accepted.

**ALLERGIES** - Brophy is NOT a nut-free campus; however, we recognize that some summer school participants have nut allergies. To reduce the health risk, we ask that you please refrain from sending any food to Brophy that contains nuts.

---

## COURSE BULLETIN

---

### **ATHLETIC CAMPS**

- Session A - June 6 - June 17 for 2 hour blocks
- Session B - June 21 - July 1 for 2 hour blocks

### **BASEBALL**

Improve your individual and team skills with Brophy's baseball coaches.

- 5th and 6th grade boys - **Session A and Session B: 10:30-12:30 p.m.**
- 7th and 8th grade boys - **Session A and Session B: 8:00 - 10:00 a.m.**

### **BASKETBALL- Recreational**

This camp is designed for those who enjoy playing recreationally during basketball season. The camp focuses on developing individual fundamental skills — passing, ball-handling, shooting, footwork, rebounding, defense, and playing lots of skill-based games like "Hot Shot" (shooting), "Knockout" (ball-handling), 1-on-1, and 3-on-3. Camp held in Brophy gyms.

- 5th and 6th grade boys - **Session A and Session B: 8:00 - 10:00 a.m.**
- 7th and 8th grade boys - **Session A and Session B: 10:30 a.m. - 12:30 p.m.**

### **BASKETBALL - Elite**

This camp is designed for those who play year-round at a highly competitive level. Camp focuses on developing individual fundamental skills — passing, ball-handling, shooting, footwork, rebounding, and defense — as well as more advanced individual skills and team offensive and defensive concepts. Camp held in Brophy gyms.

- 5th and 6th grade boys - **Session A and Session B: 8:00 - 10:00 a.m.**
- 7th and 8th grade boys - **Session A and Session B: 10:30 a.m. - 12:30 p.m.**

### **FOOTBALL**

Improve your individual and team skills with Brophy's football coaches. Camp held at Brophy Sports Campus (BSC).

- 5th and 6th grade boys - **Session A and Session B: 8:00 - 10:00 a.m.**
- 7th and 8th grade boys - **Session A and Session B: 8:00 - 10:00 a.m.**

### **SOCCER**

Improve your individual and team skills with Brophy and Xavier soccer coaches. Camp held at Brophy Sports Campus (BSC). Your child will need to bring their own soccer ball. Please make sure your child's name is on the ball. Sneakers or cleats are appropriate and shin guards are highly recommended.

- 5th and 6th grade boys and girls - **Session A and Session B: 8:00 - 10:00 a.m.**
- 7th and 8th grade boys and girls - **Session A and Session B: 8:00 - 10:00 a.m.**

### **NEW! LACROSSE**

This camp gives young lacrosse players an opportunity to learn fundamentals and skills from the Brophy Lacrosse coaching staff! Working on drills with Brophy players, training with current college players and prizes

through competition are just a few things that make this summer lacrosse camp an event you do not want to miss out on! Beginners to experienced lacrosse players are welcome. This camp will be held in the evening, three nights per week (tentatively Tuesday thru Thursday) at the Brophy Sports Campus. Camp will end on Thursday, June 16. We will confirm dates in April.

- 5th through 8th grade boys - **Session A only: 6:30 - 8:30 p.m.**

## **NEW! WRESTLING**

Student athletes will be introduced to the fundamentals and skills of the sport through practice and drills. Participants will learn top, bottom, and neutral position wrestling culminating with takedown tournament-style competitions each week. No experience is needed. Class will be held in the Brophy wrestling gym.

- 5th through 8th grade boys - **Period 4 only**
- 

## **FITNESS CAMPS**

### **POOL SPORTS**

Cool off at Brophy's Aquatic Center in a camp where students will enjoy working on their swimming skills and sports like water polo, water basketball, and learn basic diving skills. To participate, all students must pass a basic swim test on the first day of class by swimming unassisted for 25 meters.

- Incoming 5th through 8th grade - **Periods 1, 2, 3, 4**

### **SPEED AND STRENGTH**

This course is designed to be a positive, character-building, attitude-changing experience with goals to improve overall athletic performance. Students will work on weightlifting fundamentals, speed fundamentals, core strengthening and stabilization, along with hard work and mental discipline while promoting human wellness, overall body balance and improved sports performance. Students will use our state-of-the-art fitness facilities in The Dutch.

- Incoming 5th through 8th grade boys - **Periods 1, 2, 3, 4**
- Incoming 5th and 6th grade girls - **Periods 2, 4**
- Incoming 7th and 8th grade girls - **Periods 1, 3**

### **YOGA**

Students will learn different yoga poses and flow sequences combined with breathwork (Vinyasa). No prior knowledge of yoga is necessary - just a willingness to learn how to become more focused, flexible, balanced and relaxed. There also will be time set aside during each class for journaling and reflection. Mats will be provided.

- Incoming 5th and 6th grade - **Periods 3, 4**
  - Incoming 7th and 8th grade - **Periods 1, 2**
- 

## **STEM CAMPS**

### **ENGINEERING & EXPERIMENTS CAMP**

**NEW PROJECTS FOR 2022!** This course will allow students to use project-based learning that allows for investigation, critical thinking, creativity, and design. Students will be introduced to several engineering

concepts such as: electrical, structural, mechanical and solar. The students will engage in experiments that allow them to see real-world problems and apply that knowledge by designing, building and testing their ideas.

- Incoming 7th and 8th grade - **Periods 2, 4**

### **INNOVATION CAMP**

**NEW PROJECTS FOR 2022!** This course will allow students to use critical thinking skills, science and math and most importantly their imagination. Students will discover how things work by learning concepts like motion and energy, and they will use the Design Process to create their own inventions based on this knowledge.

- Incoming 5th and 6th grade - **Periods 1, 3**

### **COMPUTER CODING CAMP**

This class utilizes code-based activities including graphing and gaming. This is a beginning course, but students should be proficient with computers. Brophy will provide laptops for students to use but having a USB flash drive in class would be helpful.

- Incoming 6th through 8th grade - **Periods 2, 3, 4, 5**

### **NEW! ESPORTS ACADEMY**

Esports is a sanctioned sport by the Arizona Interscholastic Association and Brophy's Esports teams are state champions for the past two years! Coached by Brophy Esports coaches, students will learn competitive gaming concepts like team building, problem-solving and strategy, effective communication with teammates, and playing 3v3 and 6v6 games. Classes are limited to 12 seats each in our Esports lab. Students may bring a wired or wireless controller if they prefer it over using a keyboard/mouse. Parents will be required to sign an Esports consent form after registering.

- **Rocket League** (*Rated E for Everyone*)- Incoming 5th through 8th grade - **Periods 3, 4, 5**  
(Students must have a free account already created on Epic Games or Steam and have Rocket League purchased on that account).
- **Overwatch** (*Rated T for Teen*) - Incoming 5th through 8th grade - **Periods 1, 2**  
(Students must have a Blizzard Overwatch PC license purchased. Xbox and PlayStation Overwatch licenses will not work on Brophy's computers.)

### **NEW! ASTRONOMY OUT OF THIS WORLD**

Study outer space and learn about the celestial bodies in our universe - planets, stars, constellations, galaxies and more!

- Incoming 5th and 6th grade - **Periods 3, 4**
- Incoming 7th and 8th grade - **Periods 1, 2**

### **NEW! BRONCROBOTICS JR. ROBOTICS**

Calling all young engineers! In this hands-on class, students will utilize STEM skills to develop robots. Working together in teams of 2-3, students will develop programming, mechanism, and problem-solving skills while creating robots to compete in team contests. Robotics will be taught in our Innovation Commons technology lab, under the direction of members of the Brophy Broncrobotics Robotics team.

- Incoming 7th and 8th grade - **Period 5**

---

## CREATIVITY WORKSHOPS

### ART EXPERIENCE

**NEW PROJECTS FOR 2022!** Students will explore the fundamentals of art while creating 2-D and 3-D projects. We will use a variety of art mediums including drawing pencils, paints, pastels, colored pencils, clay, and others. Emphasis will be placed on developing individual skills and enjoying the creative process.

- Incoming 5th and 6th grade - **Periods 1, 2, 3, 4**
- Incoming 7th and 8th grade - **Periods 1, 2, 3, 4**

### DIGITAL STORYTELLING

The student will learn how to harness the power of photography & video on their phone or mobile device. Through the creation of specific videos and photo projects, students will learn the importance of composition, exposure, pacing, lighting, & editing in order to craft content that conveys a compelling and meaningful story or message. Each student needs to bring his/her own mobile device such as an iPad, smartphone, or laptop.

- Incoming 5th through 8th grade - **Periods 2, 3, 4, 5**

### BEGINNING BAND

This introductory course is for students who **have not** previously taken a band class and want to learn to play one of the following: flute, clarinet, saxophone, trumpet, trombone, or percussion. Students will be expected to provide their own instrument; for students who need to rent an instrument, there are several reputable dealers in town who can provide a complete set-up for the month of enrichment, or for the entire summer. Each week all band students will participate in private lessons, full ensemble playing, music history/theory instruction, and listening. *Note: Brophy can provide tubas and large percussion instruments for use during class.*

- Incoming 5th through 8th grade - **Period 2**

### INTERMEDIATE BAND

This course is for students who **have** previously taken a band class, and want to continue instruction with one of the following: flute, oboe, bassoon, clarinet, saxophone, trumpet, French horn, trombone, baritone, tuba, or percussion. Students will be expected to provide their own instrument; for students who need to rent an instrument, there are several reputable dealers in town who can provide a complete set-up for the month of enrichment, or for the entire summer. Each week all band students will participate in private lessons, full ensemble playing, music history/theory instruction, and listening. *Note: Brophy can provide tubas and large percussion instruments for use during class.*

- Incoming 5th through 8th grade - **Period 3**

---

## LIFE SKILLS

### **NEW!** HOW TO BE A CHANGEMAKER

Did you know that *you* can be a changemaker? Changemakers work to make the world a better place. Through interactive activities and lessons meant to engage both the mind and heart, students will work together as a class to learn about and respond to a community's needs. They will also apply what they are learning as a class to a social problem that they care about personally through the development of their own Social Action Plan.

The class-wide project this summer will focus on the reality of our local refugee community and will culminate in a class-wide action planned and executed by students as a direct result of their learning.

- Incoming 5th through 8th grade - **Periods 1, 2**

### **HIGH SCHOOL PREP CAMP**

This course will equip students with skills to prepare them for high school and the high school admissions process. Topics to be addressed include critical study and organizational strategies and preparation for standardized tests, including the High School Placement Test (HSPT) which is used by Brophy and Xavier as their entrance exam. Students will have two faculty members who specialize in language arts and math.

- Incoming 7th and 8th grade - **Periods 1, 2, 3, 4**

### **NEW! COOKING LAB**

Cooking is fun and anyone can do it! Learn how to cook healthy and delicious meals, with a focus on nutrition, simple ingredients and popular recipes. We will discover new things about cultures, lifeskills (like how to set a table), science, and culinary fundamentals. Students will be working in a lab with portable induction cooktops, air fryers, and other culinary equipment.

- Incoming 5th and 6th grade - **Periods 1, 2**
- Incoming 7th and 8th grade - **Periods 3, 4**

---

## **LANGUAGE CAMPS**

### **NEW! WRITING WORKSHOP**

This course is designed to provide individual writing instruction focused on both academic and creative writing that will hone junior high writing skills and prepare students for their transition into high school. Mastery of the writing process will be emphasized, with a focus on organization, sentence structure and word choice, basic exposition and analysis (such as essay writing but also email writing etiquette and letter writing), as well as creative writing--including but not limited to short story, creative nonfiction, poetry, journalism, and speech writing. Students of all skill levels will benefit from this course and learn an appreciation for the real world application of the written word.

- Incoming 7th and 8th grade - **Periods 1, 2, 3, 4**

### **LANGUAGE ARTS**

This course will help students develop their language arts skills and will include both critical reading and writing strategies, and study skills. It will cover reading strategies and learning structures such as peer discussions, notes, and annotations to support academic success. There will be a culminating project.

- Incoming 5<sup>th</sup> and 6th grade - **Periods 1, 2, 3, 4**
- Incoming 7th and 8th grade - **Periods 1, 2, 3, 4**

### **FOUNDATIONS FOR SPANISH**

Students will learn basic Spanish for conversation, including how to introduce themselves and others, verb conjugation, numbers, vocabulary related to family, food and adjectives to describe people and things and common verbs. They will learn how to form affirmative and negative sentences as well as ask and answer questions in Spanish, as well as learn about Hispanic/Latino culture.

- Incoming 5th through 8th grade - **Periods 3, 4**

## **SPEECH AND DEBATE**

This course introduces competitive speech and debate and they will learn the basics of acting, speech writing and debate. Instruction will center on improving these skills: research, writing, speaking, performance, argumentation, creative thinking and analyzing literature.

- Incoming 5th and 6th grade - **Period 4**
  - Incoming 7th and 8th grade - **Periods 1, 2, 3**
- 

## **MATH CAMPS**

### **MATH PRE-5th GRADE**

Topics may include math properties and basic equations, operations review with whole numbers and positive rational numbers, graphing, classifying geometric figures, and perimeter and area.

- Incoming 5th grade - **Periods 1, 2**

### **MATH PRE-6th GRADE**

Topics may include absolute value and integers, order of operations, equations and inequalities, fractions, decimals, percentages, ratio problems, counting problems, and geometry topics.

- Incoming 6th grade - **Periods 3, 4**

### **MATH PRE-7th GRADE**

Topics may include rational numbers, multi-step equations and inequalities, ratios and proportions, probability and geometry. This course will encourage critical thinking and engage students with different activities such as games, puzzles and collaborative activities. Students enrolling in this class should have been introduced to the following skills: integer operations and one-and two-step equations.

- Incoming 7th grade - **Periods 1, 2**

### **MATH PRE-8th GRADE**

Topics may include rational and irrational numbers, multi-step equations and inequalities, intro to polynomials, graphing and writing linear equations, and properties of exponents. This course will encourage critical thinking and engage students with different activities such as games, puzzles and collaborative activities. Students enrolling in this class should have been introduced to the following skills: integer operations, one-and two-step equations and coordinate graphing.

- Incoming 8th grade - **Periods 3, 4**
