

Build Your Ro-Blocks Adventure / Jr Robotics

\$225

June 12th-June 16th

9am -2pm

Ages 6-12

Know a kid that's a fan of playing Roblox? They will love this Roblox-inspired building camp! We have a LEGO block-based building adventure ahead of us, not to mention daily motorized models of things like cars and animals that really move!

Our Jr Robotics Camp series is designed to be an amazing LEGO Robotics experience for boys and girls ages 6-11. We'll learn about 3 key aspects of robotics: engineering, programming, and sensing, and build and play with LEGO models that interact with their environment. In addition to robotics, we'll have a lot of fun building activities based around our theme.

Amusement Park Mania / Stop Motion Animation

\$225

June 26th – June 30th

9am-2pm

Ages 6-12

Maybe you've been to Disney World, Universal Studios, Six Flags, or even LEGO Land... but have you ever built your own amusement park with LEGO bricks? That's exactly what we'll be doing all week, and not just regular LEGO bricks... we're using axles, gears, motors, and more to make our rides really move and groove! Join us for a week of amusement park building fun!

Light, cameras, LEGO® action! Use LEGO® bricks to tell YOUR story, complete with music, special effects and all your favorite LEGO® minifigure characters! In this unique and creative camp, students will plan, script, stage, shoot, and produce their own mini-movie using Stop Motion Animation.

For AGES 6 & Up

****Please have your child bring a water bottle, lunch and snacks to camp each day****
